

March 2008

As good as Gold!

MITIE's roofing team in Bristol has recently achieved a 'gold' industry award in recognition of its commitment to health and safety.

The 'Safety in Roofing' awards scheme aims to promote high levels of health and safety within the industry, and is held annually by the National Federation of Roofing Contractors (NFRC).

Companies or teams taking part in the scheme are assessed extensively on the management and performance of their day-to-day operations from a safety perspective. Companies also have to answer questions about policies and procedures, and accident statistics are taken into account. Gold, silver and bronze accolades are awarded to those NFRC members that demonstrate a positive attitude and a high safety record, and fewer than 100 companies across the UK have achieved a gold award this year.

The team attended an award ceremony on 18 March, when they received a certificate from the federation's Regional Secretary.

Notes for editors:
About MITIE

We're the strategic outsourcing and asset management company.

What does that mean in practice? Providing everything from strategic consultancy, to world-class delivery on the ground. From long-term infrastructure planning, to facilities management, property and engineering services. Our strategic input can add value at the highest level, while our practical management expertise can save customers money and maximise their returns.

At the same time, it's not just what we do, but how we do it that makes us different. Our people are passionate about what they do, committed to working in partnership with their clients, and will always look for a fresh answer to a new challenge.

We work with our clients in three ways; some take full advantage of our whole range of expertise by buying the whole suite, others may only need one aspect of what we do:

Strategy and consultancy

- + Facilities and project management

- + Service delivery

In other words, we think, we manage, and we deliver.

The thinking phase is all about finding strategic answers to long-term challenges about assets and resources. Facilities and project management puts those plans in place, and our unrivalled range of services is one of the best in the business.

There's a lot more to MITIE than you probably think. We're a big company with big ambitions - a leading FTSE 250 support services business, with 49,000+ people, revenues in excess of £1.4bn, and a reputation for being the best.
